

SIGNS OF BEING WATER WISE

Name: _____

Grade: _____

When you travel along a road, there are road signs everywhere that remind you what to do so that you can get safely to where you want to go. These road signs may be speed signs, warnings of danger, distance signs or things to be aware of, like animals crossing a road.

Manzi, the tapduck, has put together a sign template for you to create your own environmental signs, decorate them and place them up at home or around your school to remind yourself and others to be Water Wise and to look after our planet.

Here are some examples:

- 💧 Turn off the tap
- 💧 Wash your hands before eating
- 💧 Use water wisely - it belongs to all of us
- 💧 Wash your hands after going to the toilet
- 💧 Throw your rubbish in a dustbin
- 💧 Respect water, respect life
