

# HAPPY WORLD READ ALOUD DAY!

Here are 6 top tips in helping children practise reading aloud.

1. Read a section and have the child repeat it.

2. Allow children to read to an audience - toys, pets, family members.

5. Read newspapers, recipes, or poems, not just storybooks.
6. Focus on praising effort and progress.

3. Encourage them to slow down for better comprehension.
4. Let them read familiar books - this builds confidence.
