

Celebrating

INTERNATIONAL CAT DAY

8 August 2021

We're 'feline' excited.
Check out these cool pet safety tips!

A QUICK PET SAFETY GUIDE:

1.

PLAY NICE

Don't hit, poke or treat animals carelessly. Remember to always be gentle and calm when interacting with animals.

2.

GIVE THEM SPACE

Don't disturb them while they're eating or sleeping. Some animals may not like being hugged.

3.

BE CONSIDERATE

Like us, pets can get anxious or scared. Give them time to get used to you if they don't want to play.

4.

DON'T FORCE THEM TO SHARE

Some pets get bothered when their things are taken. Never pull a toy out of their mouth.

5.

DON'T BE LOUD

**Animals have sensitive ears.
Screaming and loud noises can
frighten or hurt them.**

6.

SHOW RESPECT

**Like us, pets have feelings too.
Treat them how you'd want
people to treat you!**
