

1 September 2021

**Three Ways to  
Celebrate Spring Day  
With Learners**

**Pick n Play**   
School Club

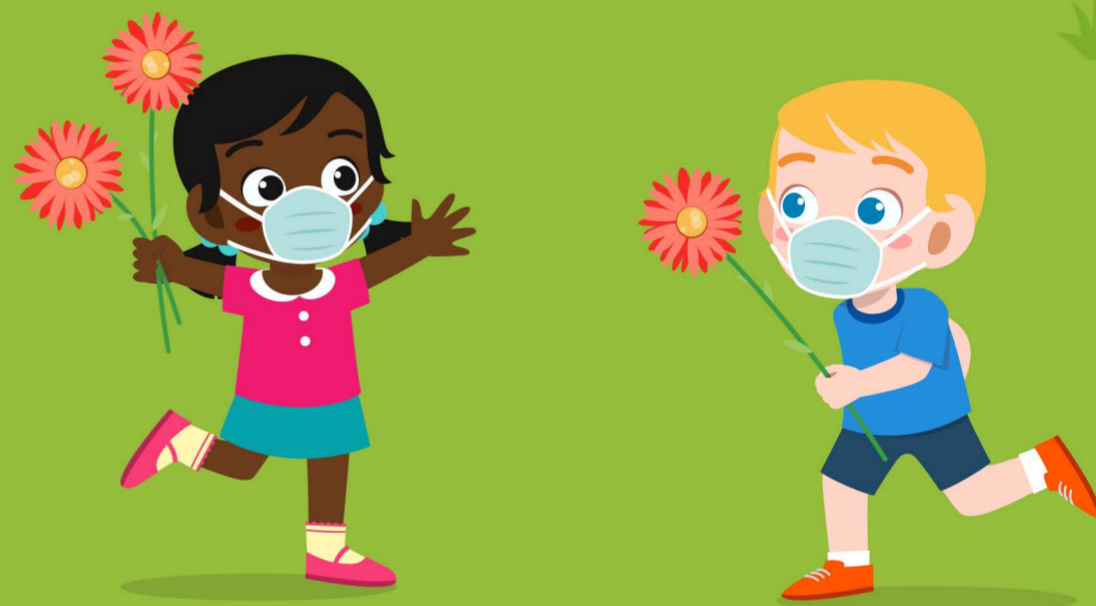

# 1. See what you can spot:

Have students guess the names of different birds and insects they see around the school.

# 2. Arts and Crafts never fail:

Take a walk, gather some pretty flowers, and make them into fun arts and crafts projects like bookmarks.

# 3. Write a poem!

Have your learners write poems about Spring and their favourite things about a new season. Have them take turns reading it out loud.
