## PEOPLE IN THE LIFE OF A RECYCLED PLASTIC BOTTLE

0

0

Consumers buy PET plastic bottles, filled with liquids like water, cold drinks or shampoo, use them, and place the empty bottles in a recycling bin.

Collectors gather empty PET plastic bottles from households and other places, and sell them at a buy-back centre.

Ra Albertal + Date

## RETAILERS

Retailers place the PET plastic bottles, filled with liquids like water, cold drinks or shampoo, on the shelves of their shops

## RECYCLERS

Recyclers buy the bottles from the buy-back centre, sort the empty PET plastic bottles, wash them and turn them into fibre or pellets to be made into new bottles.

for consumers to buy.

## CONVERTERS

Converters use the recycled pellets, as well as new PET pellets, to make new plastic bottles.

BRAND BRAND BRAND OWNERS

Brand owners make and/or sell PET bottles, filled with liquids like water, cold drinks or shampoo, under a brand label.

> Bottlers fill the PET plastic bottles with liquids like water, cold drinks or shampoo, which are then sold to the public.
